**PETITIONING THE COURT**

To modify the conditions of supervision as follows:

- 20 You may participate in mental health treatment and you shall allow reciprocal release of information between the supervising officer and treatment provider. You shall contribute to the cost of treatment according to your ability to pay.

**CAUSE**

On June 26, 2012, the Court modified the offender's conditions of probation to include a mental health assessment at the request of the probation office. On July 18, 2012, the offender completed the assessment. The treatment provider has recommended that Mr. Halbert participate in individual counseling to focus on coping skills related to stress management and relational problems.

Therefore, the undersigned officer is petitioning the Court to modify the offender's conditions of probation as recommended above. As previously noted, this petition is not being made because the offender has violated his probation, nor as a sanction to manage non-compliant behavior. To date, the undersigned officer has no information indicating that the offender has violated the terms and conditions of his probation. The intent for modification is to assist the offender in addressing his current level of stress and mental health generally, in an attempt to contribute to the offender's continued compliance and successful completion of probation. The undersigned officer discussed with the offender, and feels it is appropriate, that Mr. Halbert have the option to discontinue services at any time, as this is not a response to non-compliant behavior nor a sanction.
